FOR IMMEDIATE RELEASE:

Leading Commercial Real Estate Group buys China's Largest Yacht

- **Sunseeker China sells the Sunseeker Predator 108 Special Edition to Dalian Wanda Group**

SHANGHAI - Sunseeker China has just sold the Sunseeker Predator 108 Special Edition to Dalian Wanda Group— this is the only Special Edition yacht ever made by Sunseeker, and is also the largest yacht ever sold in China. The yacht will arrive in China in June.

The buyer, Dalian Wanda Group, is one of the largest real estate developers in China, with extensive businesses in commercial real estate, luxury hotels, cultural industries and shopping malls. Up to the end of 2009, the group has 27 Wanda Plazas and 7 five-star hotels nationwide. In making this purchase, the world-class service and excellent reputation of Sunseeker China and its CEO, Traugott Kaminski— nicknamed “the Godfather of China’s luxury yachting” were strong reasons why the Group chose Sunseeker China.

The Sunseeker Predator 108 yacht is famous for its frequent appearances in James Bond movies. The Special Edition first appeared in the London Boat Show in early 2010 and immediately caused a sensation at the show. At 108 feet (33 meters), this is an extremely imposing boat in terms of size. It is extremely fast for a large boat, with its twin MTU engines producing 4880PS, powering it up to a top speed of 36 knots. Adding to its dominating presence is its stunning Champagne paint colour, making every harbor entrance of the Special Edition a sight to behold, as sunlight transforms this boat into a shimmering golden craft on the waves.

Complimenting the golden paint perfectly are the black mirrored windows, which not only keeps the occupants of the boat safe from prying eyes, but also adds a unique elegance to the boat at night. On the inside, the Special Edition is an exercise in pure yachting luxury as well, with very large owner and VIP cabins, a convertible sunroof on the top of the cockpit, a sport flybridge, and a big spa tub and sunbathing area on the front deck.

“When I did the test cruise for this boat in Poole,” Mr Kaminski says “I had a mental picture of how this boat would look like on the Huangpu River with all the lights reflecting on the black-mirrored windows and golden paint. This will be a shining star on the grand stage of Shanghai!”

Sunseeker China boasts a unique completely integrated package, handling everything from yacht sales to transportation, and from importation to registration as well as the management of professional captains and crew.

Sunseeker China’s market leading service, coupled with the exceptional quality of Sunseeker yachts have seen it become the ultimate status symbol in Chinese luxury yachting. The Sunseeker Predator 108 Special Edition is the largest luxury yacht sold in China, a clear testament to its market leadership.
